Kitchen usage

We are pioneer of the "Respect each other" philosophy.

Please feel free to use the kitchen as it's your own at home. We all must keep the level of tidiness and cleanness. If you dirty it- clean it.

The fridge is free to be used by anyone, it is important to label with your name the food that you store and not to forget it for it to go off.

How to use the coffee machine:

- Choose your favourite coffee pad and put it into the slot
- Pull the lever (not too strong and not to lose)
- Press the button from the product you would like to have
- Wait till machine is done
- Open the lever for the next person

If you have any further questions, please do not hesitate to ask the crew or other members.
